

# MANAGEMENT, BS

The Management and Information Technology Department provides an academic environment in which students study current techniques for the management and operation of small, medium and large business organizations, international companies, government agencies, and non-profit institutions. Emphasis is placed on the acquisition of skills as well as the integration of marketing, domestic and international business, finance, project management and human resource management disciplines.

Students develop the ability to interpret data and supply quantitative, statistical, and logical solutions to business problems. Students are encouraged to find internship opportunities that complement their classroom studies. Seniors are required to pass BUS-4998 Capstone Business Policies with B or better that measures their general business knowledge, quantitative analysis skills, and writing and reasoning abilities. The department partners with the Career Development Center to help students identify and secure career opportunities.

## Requirements

| Code   | Title                                   | Hours |
|--|---|-------|

### MGT Electives

|  |                |
|--|----------------|
| Complete three 2000 level courses from BUS, BAN, ENT, FIN, HR, MKT or any ACC course | 9              |
| Liberal Arts Electives   | 9              |
| General Electives  | 9              |
| <b>Total Hours</b>   | <b>121-127</b> |

*Must pass BUS-4998 Capstone Business Policies with B or better.*

<sup>1</sup> Except ECO-3331 Principles of Finance/FIN-3301 Principles of Finance.

<sup>2</sup> Students pursuing a Bachelor of Science degree must complete 1/2 of their degree credits (i.e. minimum 60 credits) from courses in the Liberal Arts category. For specific academic subjects, see here (<https://catalog.sfc.edu/catalogue/general-information/academic-life/academic-policies/#liberalarts>).

<sup>3</sup> The Department strongly recommends courses in BAN, BUS, ENT, IT, HR, MKT, PM or SPM.

In keeping with our mission at St. Francis College, the courses you take across the liberal arts ensure that you are well-rounded, able to engage in meaningful thought and conversation both within and outside of your area of expertise, and building a foundation for future success by deepening and broadening your knowledge. Building on First Year Foundations and augmenting your major field of study, the combination of courses in the Bodies of Knowledge prepares you to meet the challenges the world presents to you with intelligence, clarity, and empathy. They will equip you to solve complex problems, contribute to your community, and improve the world you inhabit.

## Institutional Learning Outcomes:

1. Demonstrate sensitivity to creative expression
2. Communicate ideas and information through written, oral, visual and digital media
3. Employ critical and analytical skills
4. Value diverse perspectives of the human experience
5. Implement information, technology and media literacy
6. Demonstrate quantitative literacy

## Foundation Courses- First Year College (13-14 credits)

St. Francis College's mission, emphasizing Franciscan education, highlights access and opportunities for all students. In your first year at SFC, you will combine key skill development with courses in the liberal arts and in your areas of interest. Each of these courses and categories is essential to your success in college and beyond. Our First Year Foundations program ensures that all students will be equitably prepared to excel and achieve their goals.

## Bodies of Knowledge (35 credits)

At St. Francis College, our Franciscan mission states that we "educate the whole person for a full, relational life." This means that we strive, by making certain you take courses across the liberal arts, to ensure that you are well-rounded, able to engage in meaningful thought and conversation both within and outside of your area of expertise, and create success by deepening and broadening your knowledge. Building on

First Year Foundations and augmenting your major field of study, the combination of courses in the Bodies of Knowledge prepare you to meet the challenges the world presents to you with intelligence, clarity, and empathy. They will equip you to solve complex problems, contribute to your community, and improve the world you inhabit.
